

Notice to all Volusia County manufacturers:
*Volusia County Department of Economic Development
and Enterprise Florida are hosting*

Trade Mission 2004

TO MEXICO

May 16-20, 2004

Toluca • México Cíty • Puebla

This mission is best suited for
**manufacturers of: medical devices and products; auto components;
and boats and marine related products.**

If you qualify, now is the time to make plans to join us. Your participation can provide your export-ready company with an efficient and cost-effective opportunity to sell in the Mexican market.

This mission is limited to eight companies. Participation will be prioritized based upon the compatibility of your product—as mentioned above—with the Mexican market.

We can help you:

- ◆ develop long-term business contacts in Mexico with agents, distributors, end-users, and joint-venture partnerships,
- ◆ gain international business experience with potential for high returns and minimal risk.

Your cost is \$2,000 to participate.

For that cost, you will receive:

- ◆ a series of 7 to 10 customized meetings with pre-qualified Mexican companies,
- ◆ market research briefings on your industry,
- ◆ round-trip airfare, ground transportation, hotel, and a translator to accompany you to all meetings.

Registration deadline is Friday, March 19, 2004

Please submit this form to:

John Wickert, CCIM
