### SPECIALTY

World class leaders in precision CNC machining

### PROFILE

Founded in 1978, Magga Products has earned a reputation as a world class supplier of custom machined, precision components and assemblies. Employing dedicated, professional people, Magga Products is committed to providing the highest level of quality and service to its customers. Using leading-edge technology throughout, the company is fully equipped to meet customer needs. Magga Products fills orders for a single prototype part, production runs of thousands of parts, and everything in between. The company delivers its orders on time, every time. Services include CNC milling, CNC turning, CNC waterjet and plasma cutting, complete welding and sheet metal fabrication. Magga Products fabricates standard alloys and exotic metals and plastic materials. The company strives to exceed expectations and earn the repeat business of each and every customer.
